I am a back-end developer with a Bachelor's degree in Physics education, who transitioned careers through a 6-month. With experience in developing RESTful APIs and managing databases, I have worked on 3 major projects, including e-commerce and letter management applications. With over 1 year of hands-on experience, I am ready to contribute to a dynamic development team.

## Experience Project IT

---

### Last Project Binar Bootcamp (E-commerce)

- Integrated PostgreSQL to enhance database management, resulting in a 40% increase in data retrieval speed and supporting real-time analytics for user authentication and order processing features.
- Using cloudinary to add images
- Developed scalable backend solutions utilizing Node.js and Express.js.
- Implemented features such as user authentication, using cloudinary to add images, product management, and order processing

Tools :

- Github
- RESTful API
- Node.js
- Cloudinary
- Docker
- Express.js
- Postgresql

### Counting Point System

- Designed and built a RESTful API for a point counting application
- Utilized Express.js for routing and middleware, implementing over 5 API endpoints for various functionalities
- Managed user data and point calculations with Postgresql.

Tools :

- Github
- RESTful API
- Node.js
- Express.js
- Postgresql

## Experience Non IT

---

### SD YPPK Hati Kudus Merauke

Merauke, Papua Selatan

#### Teacher

(2020 -202)

- Taught Science to 5<sup>th</sup> – 6<sup>th</sup> grade students, designing and delivering engaging lessons that met curriculum standards.
- Initiated and led hands-on learning projects for 50+ students, which elevated engagement levels and contributed to the development of essential skills, leading to positive feedback from 95% of participating students.

<b>Mixue</b>	<b>Merauke, Papua Selatan</b>
<b>Barista</b>	Feb 2024 – Jun 2024
<ul style="list-style-type: none"><li>• Trained and mentored a team of 2 baristas on beverage presentation and customer engagement techniques, which elevated the team’s service quality and increased customer retention rate 20%.</li><li>• Managed daily inventory and supplies, ensuring the quality and freshness of products.</li></ul>	

**Skills**

---

- Programming Languages: JavaScript (Node.js)
- Frameworks: Express.js
- Databases: Postgreql
- Web Development: RESTful APIs, Clean Code Architecture
- Tools & Technologies: Git, Postman, Docker (basic)
- Soft Skills: Problem-solving, Team collaboration, Critical thinking

**Education**

---

<b>Binar Academy</b>	<b>Jakarta, Jakarta</b>
<b>Backend Javascript Bootcamp – Node.Js</b>	Mar 2024 – Jun 2024
<ul style="list-style-type: none"><li>• Specialized in Node.js and Express.js</li><li>• Developed hands-on projects in web development and database management</li></ul>	
<b>Musamus University</b>	<b>Merauke, Papua Selatan</b>
<b>Bachelor of Physics Education (GPA 3.68/4.00)</b>	Aug 2018 – Nov 2022
<ul style="list-style-type: none"><li>• Gained a strong foundation in analytical thinking and problem-solving</li></ul>	

**Organization**

---

- Head of Public Communications – HIMADIKa | 2019 – 2020
- Public Communications – UKMI AL-KAMIL | 2020-2021

**Languages**

---

- Indonesian: Native
- English: Intermediate
